### Help us to help you.

If you received text messages from the surgery, please respond so we can keep your health record as up to date as possible with this important information.

## Is your child protected?

There are a series of vaccinations that your child needs to keep them and other around them healthy.

If your child is due a vaccination or missed a dose, speak to reception to book an appointment with the nurse.

**It is never too late to have the MMR.  
Help stop the spread of the Measles outbreak and get vaccinated.**

Please make sure your contact details at the surgery are your most up to date information.

Most pharmacies can help you with **seven common conditions** without needing a GP appointment

Speak to your pharmacist if you suspect you have:

- Sinusitis (adults and children aged 12 years and over)
- Sore throat (adults and children aged 5 years and over)
- Earache (children aged 1 year to 17 years)
- Infected insect bite (adults and children aged 1 year and over)
- Impetigo (adults and children aged 1 year and over)
- Shingles (adults aged 18 years and over)
- Urinary tract infection (women, aged 16 to 64 years)
